Hi Brock,

Thanks for making those last typo edits with me live on the phone and producing a cover page. I updated the document per our discussion (few missing periods and addition of web address and cover page) and produced a PDF copy. I attached both a final WORD and PDF copy.

It would be lovely if you could wait to send it out to folks you know are interested in it until after you've seen Tim's email transmitting it to the workshop participants. I'll work with our web team to get it posted to [epa.gov/sfbaydelta/activities](http://epa.gov/sfbaydelta/activities) ASAP and let you know when it is live on the site.

Thanks for all of your great work on the workshop and with the heavy lifting afterward. I'm glad it was fun  
:)!  
Erin

Attached is the final document with all the appendices included. I just ran the page numbers from first to last, without numbering the appendices separately. I also didn't put a cover on it. Feel free to dress it up as much as you want J

Give me a heads up when you post it so that I can let the folks interested in the State Board Bay-Delta process know.

This was a fun project; thanks for involving me.

P.S. Pls page through the document and let me know if I missed any glitches. Thanks.
